

A ginger and white kitten is shown from the chest up, standing on its hind legs in a grassy field. The kitten is looking up and reaching its right front paw towards a yellow butterfly that is flying just above it. The background is a bright, sunlit green field with a bokeh effect, suggesting a sunny day. The overall mood is hopeful and gentle.

# MEMORIAL DONATIONS

**RSPCA**

**RADCLIFFE ANIMAL CENTRE**

We are honoured that you have chosen to collect donations in memory of your loved one. We hope that you find this information helpful in ensuring those donations reach **Radcliffe Animal Centre** directly.

We are an independent entity, managed and financed separately to the national RSPCA but working together for animal welfare across our community.

Setting up online memorial donations is a popular, safe and easy way for family and friends to donate to a loved one's chosen charity, helping to make a lasting difference.

It is important however in creating the online donation platform to detail specifically **RSPCA Radcliffe Animal Centre Nottinghamshire Registered CIO 1212852**. You can then signpost friends and family to donate, reassured that your donations will be helping animals here at this centre. Should you simply use RSPCA then donations will go directly to the national society and as we are funded independently, they will not reach us.

Look for our logo below if you are not sure.

Should you require further help or information then please contact us on 0115 855 0222 or [info@rspca-radcliffe.org.uk](mailto:info@rspca-radcliffe.org.uk)

Thank you for your kindness at this difficult time.
